Title: CIRCUIT AND METHOD OF IGNITING A HIGH-PRESSURE DISCHARGE
LAMPAssistant Commissioner for Patents
Alexandria, VA 22313-1450COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

Sir:

Attorney for Applicant respectfully objects to the reasons for allowance as stated in the Notice of Allowance mailed on 2 June 2006. The reasons, as stated, are not completely accurate in reciting what is claimed. In particular, none of the claims recite either an electronic circuit or a method "for tuning the frequency of a high pressure lamp in a safety level". Further, the reasons for allowance, as stated, do not correspond to what is recited in claim 11.

Respectfully submitted,

By
